

Rosebud Community Garden

May 2022 Newsletter

Building Projects

We have two building projects on the go at the moment:

- 1) Building a frame/ pergola to support the kiwi fruit vine. Timber has been purchased and a group of willing workers, led by Sam, are all ready to make this a reality very soon.
- 2) Re-building the circular communal beds. Work has already commenced on half of these beds and the old red and white posts have been removed. These will be replaced by timber which will be painted a more soothing colour.

This work will be carried out at the Tuesday working bees (about 10am). Anyone interested in helping would be very welcome.

“Say Goodbye to Autumn.”

Autumn is nearly over and winter is on its way. Would any ladies like to catch up for coffee + cake + chat on Sunday May 29th at the garden?

This is a chance for our new members to meet other members and form new friendships.

If it's a wet day we will be in the clubroom, but if it is a dry afternoon we can sit and admire the garden before it turns wet and cold.

*If interested please text/call Gail 0413 092 504

PS. Dress for winter just in case.

Committee Meeting

The next committee meeting will be held on Saturday 28th May at 10am.

*Please note the earlier starting time.

10.00 Meeting

11.00 Working bee

12.00 Shared lunch

All members are welcome to attend.

Happy gardening,

Sandra Freeman
