Working Bee

There will be a working bee on Tuesday 22nd November at 10am to prepare for the Open Day.

Watering/weeding

We have a volunteer, Jamie, who will water or weed garden plots if people are away. Please contact Kay Champion or reply to this email if you need this service. You can also write your request on the Members job list (not DOJ list) on the blackboard at the side of the clubhouse.

Bell Real Estate Sponsorship

We now have a sponsor, Bell Real Estate, who will donate \$500 to the RCG if a member uses this business to sell a property.

Snail Pellets

Members are asked not to use the blue snail pellets on their plots as they are toxic. Please use the red ones. Pesticides are limited to those approved by the National Association of Sustainable Agriculture Australia (NASAA) and the committee. (As noted in our rules and guidelines P3)

Compost

We now have the compost system up and running thanks to the work of Jason Weller and helpers. Please take particular note of signs and also please cut up your prunings etc. If you have any queries, please contact Jason.

Christmas Party

There will be a party on Friday 16th December to celebrate a successful year in the garden. All welcome. Please put the date in your diary. More details to follow.

Happy gardening,

Sandra Freeman
